Procyon Advisors, LLC dba Procyon Partners (CRD# 288239)

Introduction

Our firm, Procyon Advisors, LLC dba Procyon Partners, is registered as an investment adviser with the U.S. Securities and Exchange Commission. Brokerage and investment advisory fees and services differ from another and it is important for you to understand these differences. Free and simple tools are available to research firms and financial professionals at Investor.gov/CRS, which also provides educational materials about broker-dealers, investment advisers, and investing.

Relationships and Services

What investment services and advice can you provide me?

Services: We offer investment advisory services to investors. These services currently include investment management and financial planning. We work closely with you to identify your investment goals and objectives, as well as risk tolerance and financial situation in order to develop an appropriate investment approach.

Accounts, Investments, and Monitoring: We provide services to clients with individual, joint, retirement, trust and estate accounts. We primarily use mutual funds, exchange-traded funds, stocks, fixed income securities, and independent managers in constructing portfolios. We do not make available or offer advice that leverages only proprietary products or a limited menu of products or types of investments. As part of our services, we monitor portfolios and securities in accounts on a regular and continuous basis. We also meet with you at least annually, or often more frequently, depending on your needs.

Investment Authority: We provide our services on a perpetual, and both discretionary and non-discretionary basis. When on a discretionary basis, we execute investment recommendations in accordance with your investment objectives without your prior approval of each specific transaction. We also offer our services on a non-discretionary basis, which means we are required to obtain your consent prior to executing any trades in your accounts. Therefore, you will make the ultimate decision regarding the purchase or sale of investments in your accounts. However, we may not be able to aggregate your order with other client orders under this type of authority and therefore you may not receive the same end price as other clients. Our engagement will continue until you notify us otherwise in writing.

Account Minimums & Other Requirements: We do not require an account or relationship size minimum in order for you to open/maintain an account or establish a relationship, but we do tailor our services to meet the needs of higher net worth Clients.

Additional Information: For more detailed information on our relationships and services, please see Item 4 – Advisory Services, Item 13 – Review of Accounts and Item 7 – Types of Clients of our Form ADV Part 2A available via our firm's [Investment Adviser Public Disclosure Page](#).

Conversation Starters: *Given my financial situation, should I choose an investment advisory service? Why or why not? How will you choose investments to recommend to me? What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?*

Fees, Costs, Conflicts, and Standard of Conduct

What fees will I pay?

Asset-Based Fees: Our asset-based fee program for investment management ranges up to 1.25% annually based on a tiered schedule. This fee is collected on a quarterly basis and calculated as a percentage of the total value of the cash and investments in your account[s] that we manage. This fee construct presents a conflict of interest as we are financially incentivized to encourage you to place more assets in your advisory account as you will pay more in advisory fees.

Hourly Fees: Our hourly fee program for financial planning charges at a rate of up to \$450 per hour. We collect fees in two separate installments. Hourly fees are negotiable based on the nature and complexity of the services to be provided, who is involved in the development of the plan and the overall relationship with us. We provide you with an estimate for overall costs prior to engaging us for these services.

Fixed Fees: Our fixed project-based fees for financial planning range up to \$25,000. We collect fees in two separate installments. Fixed fees are negotiable based on the nature and complexity of the services to be provided and the overall relationship with us. We provide you with an estimate of the total cost prior to engaging us for these services.

February 25, 2025

Other Fees & Costs: In addition to our advisory fee, you will also be responsible for third party manager and/or platform fees, custody fees, account administrative fees, fees and expenses related to mutual funds and exchange-traded funds and applicable securities transaction fees if applicable.

Additional Information: You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. For more detailed information on our fees, please see Item 5 – Fees and Compensation of our Form ADV Part 2A available via our firm's [Investment Adviser Public Disclosure Page](#).

Conversation Starters: *Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?*

**What are your legal obligations to me when acting as my investment adviser?
How else does your firm make money and what conflicts of interest do you have?**

When we act as your investment adviser, we do so in a fiduciary capacity, which means we have to act in your best interest and we do not put our interests ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here is an example to help you understand what this means.

Some financial professionals at Procyon are registered representatives of Purshe Kaplan Sterling Investments, Inc. ("PKS"), a registered broker-dealer. In addition to our services, your financial professional may offer you brokerage services through their separate capacity as a registered representative and will earn commission-based compensation for transactions implemented through PKS. The commissions earned are separate from our advisory fees, which creates a financial incentive to recommend that you implement securities transactions through PKS. You are encouraged to learn more about PKS by reviewing their client relationship summary.

Additional Information: For more detailed information, please see Item 10 – Financial Industry Activities and Affiliations, Item 12 – Brokerage Practices and Item 14 – Client Referrals and Other Compensation of our Form ADV Part 2A available via our firm's [Investment Adviser Public Disclosure Page](#).

Conversation Starters: *How might your conflicts of interest affect me, and how will you address them?*

How do your financial professionals make money?

Our financial professionals are compensated based on an agreed-upon annual salary. Additionally, they receive compensation based on the revenue generated from the accounts they directly service. This means financial professionals have an incentive to increase the asset size in the relationship or solicit new business, which can limit the financial professionals' availability from time to time.

Disciplinary History

Do you or your financial professionals have legal or disciplinary history?

Yes. You can visit Investor.gov/CRS for a free and simple search tool to research our firm and our financial professionals.

Conversation Starters: *As a financial professional, do you have any disciplinary history? For what type of conduct?*

B. Assets Under Management

As of December 31, 2024, Procyon manages \$7,769,672,465 in Client assets, \$2,770,256,485 of which are managed on a discretionary basis and \$4,999,415,980 on a non-discretionary basis. Clients may request additional information from the Advisor at any time.

C. Advisory Services Offered

Procyon offers investment advisory services to individuals, high net worth individuals, families, trusts, estates, businesses, institutional investors, retirement plans, (each referred to as a “Client”). Procyon provides comprehensive investment management, financial planning and consulting services tailored to the individual needs of each Client. Procyon also provides investment advisory services to pooled investment vehicles.

The Advisor serves as a fiduciary to Clients, as defined under the applicable laws and regulations. As a fiduciary, the Advisor upholds a duty of loyalty, fairness and good faith towards each Client and seeks to mitigate potential conflicts of interest. Procyon’s fiduciary commitment is further described in the Advisor’s Code of Ethics. For more information regarding the Code of Ethics, please see Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading.

Investment Management Services

Procyon provides customized investment advisory solutions for its Clients. This is achieved through continuous personal Client contact and interaction while providing discretionary and non-discretionary investment management, planning and related advisory services. Procyon typically offers these as a bundled advisory engagement, but may, in certain circumstances, offer as individual services. Procyon works closely with each Client to develop an investment strategy that seeks to achieve the goals of the Client.

Internal Investment Management – Procyon customizes its investment management services for its Clients. Portfolios are primarily constructed using mutual funds, exchange-traded funds (“ETFs”), individual stocks and fixed income securities. The Advisor may also utilize other types of investments, as appropriate, to meet the needs of each Client. The Advisor generally constructs portfolios in alignment with its internal strategies but may retain other types of investments from the Client’s legacy portfolio due to fit with the overall portfolio strategy, tax-related reasons, or other reasons as identified between the Advisor and the Client.

Procyon evaluates and selects investments for inclusion in Client portfolios only after applying its internal due diligence process. Procyon’s investment approach is primarily long-term focused, but the Advisor may buy, sell or re-allocate positions that have been held for less than one year to meet the objectives of the Client or due to market conditions. If it is consistent with the Client’s goals, the Advisor may also engage in an investment strategy that utilizes frequent trading in securities, please see Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss for more information. Procyon will construct, implement and monitor the Client’s portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to acceptance by the Advisor.

Phone: (475) 232-2704 | Fax: (475) 232-2747
<http://procyonpartners.net>

Procyon will select mutual funds and ETFs on a fund-by-fund basis. Procyon will seek to select the lowest cost share class available that is in the best interest of each Client and will ensure the selection aligns with the Client's financial objectives and stated investment guidelines. Procyon may select, recommend or retain a mutual fund share class that has higher internal expense ratios than institutional share classes if warranted by specific custodial and/or mutual fund company constraints, material tax considerations and/or systematic investment plans.

Procyon, in its discretion, may redistribute investment allocations to diversify the portfolio. Procyon may use/recommend specific positions to increase sector or asset class weightings. The Advisor may use/recommend cash positions as a possible hedge against market movement. Procyon may also sell or recommend selling positions for reasons that include, but are not limited to, harvesting capital gains or losses, business or sector risk exposure to a specific security or class of securities, overvaluation or overweighting of the position[s] in the portfolio, change in risk tolerance of Client, generating cash to meet Client needs, or any risk deemed unacceptable for the Client's risk tolerance.

All Client assets will be managed within their designated account[s] at the Independent Custodian, pursuant to the terms of the Client wealth management agreement, please see Item 12 – Brokerage Practices.

Held-Away Accounts – In limited circumstances where the Client and Advisor have agreed, by virtue of allowing the Adviser to establish a link with an unaffiliated third party, the Client has given the Adviser discretionary authority to provide investment recommendations or advice for certain Assets held away from the primary custodian. The Client understands that certain credential information will be disclosed to this unaffiliated third party and the Advisor will at no time have access to this credential information.

Retirement Plan Accounts – When the Advisor provides investment advice to Clients regarding ERISA retirement accounts or individual retirement accounts ("IRAs"), the Advisor is a fiduciary within the meaning of Title I of the Employee Retirement Income Security Act ("ERISA") and/or the Internal Revenue Code ("IRC"), as applicable, which are laws governing retirement accounts. When deemed to be in the Client's best interest, the Advisor will provide investment advice to a Client regarding a distribution from an ERISA retirement account or to roll over the assets to an IRA, or recommend a similar transaction including rollovers from one ERISA sponsored Plan to another, one IRA to another IRA, or from one type of account to another account (e.g. commission-based account to fee-based account). Such a recommendation creates a conflict of interest if the Advisor will earn a new (or increase its current) advisory fee as a result of the transaction. No client is under any obligation to roll over a retirement account to an account managed by the Advisor.

Use of Independent Managers – Procyon may invest or recommend that all or a portion of a Client's investment portfolio be implemented by utilizing one or more unaffiliated money managers or investment platforms (collectively "Independent Managers"). Independent Managers may be sourced directly or accessed through an investment management platform. The Client may be required to enter into a separate agreement with the Independent Manager[s]. Please see Item 10 – Other Financial Industry Activities and Affiliations for additional information.

Procyon serves as the Client's primary advisor and relationship manager. However, the Independent Manager[s] will assume discretionary authority for the day-to-day investment management of those assets placed in their control. Procyon will assist and advise the Client in establishing investment objectives for their account[s], the selection of the Independent Manager[s], and defining any restrictions on the account[s]. Procyon will continue to provide oversight of the Client's account[s] and ongoing monitoring of the activities of these unaffiliated parties. The Independent Manager[s] will implement the selected investment strategies based on their investment mandates. The Client may be able to impose reasonable investment restrictions on these accounts, subject to the acceptance of these third parties. Procyon does not receive any compensation from these Independent Managers or Investment Platforms, other than its investment advisory fee (described in Item 5 – Fees and Compensation).

Non-Purpose Loans and Lines of Credit – The Advisor may introduce certain Clients to a non-purpose revolving line of credit made available through various third-party custodians secured by eligible assets held in an account maintained at the Custodian. ("Lending Program"). In such instances, the Client's assets in their account[s] at the

Custodian will be utilized as collateral for a non-purpose revolving line of credit without disturbing their long-term investment strategy, i.e. needing to sell positions that could generate tax consequences. The recommendation of a Lending Program presents a conflict of interest as the Advisor will continue to receive investment advisory fees for managing the collateralized assets in the Client's account[s]. Clients are not obligated to engage the Advisor for the Lending Program and the Advisor does not derive any compensation from a Client's participation in the Lending Program. For additional information related to the risks involved with utilizing non-purpose loans and lines of credit, please see Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss.

Trust Fiduciary Services

When deemed to be in the Client's best interest, Procyon may offer certain Clients access to custody and trust administrative services through National Advisors Holdings, Inc. and its various subsidiaries ("NAH") under the business name of Procyon Trust. Clients will enter into a separate agreement with NAH. Procyon will serve as the investment manager to any accounts established with NAH and earn an investment management fee as noted above. Procyon does not serve as a trustee for any account relationships.

The Advisor shall have the power to direct NAH to pay to or apply for the benefit of the beneficiary so much or all of the income and principal as the Advisor deems advisable in its uncontrolled discretion for any purpose taking into consideration all funds and assistance the Advisor knows to be available to the beneficiary from any government agency and any other source (the "Benefits"). The Advisor shall be fully protected at any time or times in relying on a written statement from the beneficiary or, while the beneficiary is a minor or is incapacitated, a parent or legal representative of the beneficiary, that no Benefits are then available.

The Advisor shall consult annually to determine a general policy regarding fund liquidity and anticipated needs of the beneficiary.

Financial Planning and Consulting Services

Procyon defines financial planning as a collaborative process that helps maximize a Client's potential for meeting life goals through Financial Advice that integrates relevant elements of the Client's personal and financial circumstances. Procyon subscribes to the CFP Board's process of seven steps of financial planning.

1. Understanding the Client's Personal and Financial Circumstances
2. Identifying and Selecting Goals
3. Analyzing the Client's Current Course of Action and Potential Alternative Course(s) of Action
4. Developing the Financial Planning Recommendation(s)
5. Presenting the Financial Planning Recommendation(s)
6. Implementing the Financial Planning Recommendation(s)
7. Monitoring Progress and Updating

Procyon will typically provide a variety of financial planning services to Clients as part of the investment advisory engagement or as a separate planning-only engagement. Generally, such financial planning services will involve preparing a financial plan or delivering a financial consultation based on the Client's financial goals and objectives. This planning or consulting may encompass one or more areas of need, including, but not limited to investment planning, retirement planning, estate planning, personal savings, education savings, insurance needs, and other areas of a Client's financial situation.

A financial plan developed for, or financial consultation with, the Client will usually include general recommendations for a course of activity or specific actions to be taken by the Client. For example, recommendations may be made that the Client start or revise their investment programs, commence or alter retirement savings, establish education savings and/or charitable giving programs. While most financial plans are primarily delivered in writing, for consulting or ad-hoc engagements, the Advisor may not provide a written summary. Plans or consultations are typically completed within six months of contract date, assuming all information and documents requested are provided promptly by the client.

Procyon may also refer Clients to an accountant, attorney or other professional, as appropriate for their unique situation.

Financial Planning is a core service for our financial planning and investment management clients. For Clients who only engage Procyon to deliver a Financial plan, a conflict of interest exists between the interests of Procyon and the interests of the Client, as Procyon would make additional revenue if retained to manage the Client's investments and/or implement the recommendations of the plan. While this conflict exists, Procyon advisors act as fiduciaries in the best interest of the clients at all times and Clients are not obligated to implement any recommendations made by the Advisor or maintain an ongoing relationship with the Advisor.

Since financial planning is core to what we do for most clients at Procyon, should a client not desire financial planning services the Procyon Advisor has four choices. 1. Not enter into the Engagement; 2. Limit the Scope of Engagement to services that do not require application of the Financial Planning Practice Standards, and describe to the Client the services the Client requests the advisor not perform; 3. Provide the requested services after informing the Client how Financial Planning would benefit the Client and how the decision not to engage the advisor to provide Financial Planning may limit the Procyon's professional's Financial Advice, in which case the advisor is not required to comply with the CFP Practice Standards; or 4. Terminate the Engagement.

The Duty of Loyalty requires the firm's Advisors to: i. Place the interests of the Client above the interests of the Advisor and the Firm; ii. Avoid Conflicts of Interest, or fully disclose Material Conflicts of Interest to the Client, obtain the Client's informed consent, and properly manage the conflict; and iii. Act without regard to the financial or other interests of the Advisor, the Advisor's Firm, or any other individual or entity other than the Client, which means that an Advisor acting under a Conflict of Interest continues to have a duty to act in the best interests of the Client and place the Client's interests above the Advisor's. Disclosure of Material Conflicts of Interest by itself is not sufficient to fulfill the Duty of Loyalty.

Retirement Plan Advisory Services

Procyon provides customized advisory services to corporate, government and not-for-profit retirement plans (each a "Plan") pursuant to The Employee Retirement Income Security Act of 1974 ("ERISA"). Services include both fiduciary and non-fiduciary services to the sponsor of the Plan (the "Plan Sponsor") and the participants of the Plan ("Plan Participants"). Services may be provided on a non-discretionary basis (ERISA 3(21) Fiduciary Services) or on a discretionary basis (ERISA 3(38) Services). Advisory services are negotiated based on the needs of the Plan and the Plan Sponsor and are included in the terms of a retirement plan advisory agreement.

The Advisor provides the following core services to Plans and their Plan Sponsors:

Investment Policy Statement ("IPS") – The Advisor will assist with the development and preparation of a document that describes the overall investment objectives, risk tolerance and guidelines for the Plan. If the Plan does not have an IPS, the Advisor will provide recommendations to the Plan Sponsor to assist with establishing an IPS. If the Plan has an existing IPS, the Advisor will review it for consistency with the Plan's objectives. If the IPS does not represent the objectives of the Plan, the Advisor will recommend to the Plan Sponsor revisions to align the IPS with the Plan's objectives. The Advisor will review the IPS on a periodic basis.

Asset Allocation Studies & Analysis – The Advisor will conduct periodic evaluation, analysis and studies of your asset allocation strategy based on, among other things, your liquidity requirements, performance goals and risk tolerance. As part of these services the Advisor may assist you in the development and preparation of asset allocation models.

Investment Searches – Based on the Plan's IPS or other guidelines established by the Plan, the Advisor will review and recommend for your consideration mutual funds, exchange traded investments, separately managed accounts, collective trusts, and/or alternative investments or other Designated Investment Alternatives ("DIAs"). If the IPS criteria require any manager to be removed, the Advisor will provide recommendations to assist the Plan Sponsor with evaluating replacements. In determining which share

classes to recommend for DIAs, the Advisor will consider the limitations of the Plan's recordkeeping platform and/or custodian and the Plan fiduciary's direction regarding plan expenses.

Investment Review, Evaluation and Reporting – Once the Plan Sponsor selects the DIAs, the Advisor will provide quarterly investment evaluation and review including the review of performance on an absolute and relative basis along with additional information to assist the Plan Sponsor with monitoring the DIAs. When appropriate, based on this information, the Advisor will assist in conducting a search for a new DIA and will provide recommendations to assist the Plan Sponsor with replacing the DIA.

Qualified Default Investment Alternative – Based on the Plan's IPS or other guidelines established by the Plan, the Advisor will review the investment options available to the Plan and will make recommendations to assist the Plan Sponsor with selecting or replacing the Plan's Qualified Default Investment Alternative ("QDIA").

In addition to the core services above, the Advisor may also provide some or all of the following services pursuant to the terms of the retirement plan advisory agreement:

Information presented will not be based on any one person's need, nor does Procyon provide individualized investment advice to attendees during these general sessions.

Institutional Consulting Services

Procyon also provides consulting services to Clients in various areas of need. Services are custom to the scope of each engagement. For certain engagements, the Advisor will provide a formal report or deliverable.

Clients are not obligated to implement any recommendations made by the Advisor or maintain an ongoing relationship with the Advisor. If the Client elects to act on any of the recommendations made by the Advisor, the Client is under no obligation to implement the transaction through the Advisor.

Private Fund Advisor

Procyon also serves as an investment advisor to pooled investment vehicles (each a "Private Fund" and collectively the "Private Funds"). These services are detailed in the offering documents for the Private Funds, which include as applicable, operating agreements, private placement memorandum and/or term sheets, subscription agreements, separate disclosure documents, and all amendments thereto ("Offering Documents").

The Advisor manages the Private Funds based on the investment objectives, policies and guidelines as set forth in the respective Offering Documents and not in accordance with the individual needs or objectives of any particular investor therein. Each prospective investor interested in investing in the Private Funds is required to complete a subscription agreement in which the prospective investor attests as to whether or not such prospective investor meets the qualifications to invest in the Private Funds and further acknowledges and accepts the various risk factors associated with such an investment.

For more detailed information on investment objectives, policies and guidelines, please refer to the respective Private Fund's Offering Documents.

D. Client Account Management

Prior to engaging Procyon to provide investment advisory services, each Client is required to enter into one or more agreements with the Advisor that define the terms, conditions, authority and responsibilities of the Advisor and the Client. These services may include:

- Establishing an Investment Strategy – Procyon, in connection with the Client, will develop a strategy that seeks to achieve the Client's goals and objectives.

- Portfolio Construction – Procyon will develop a portfolio for the Client that is intended to meet the stated goals and objectives of the Client.
- Investment Management and Supervision – Procyon will provide investment management and ongoing oversight of the Client's investment portfolio.
- Financial Planning and Consulting – For Clients engaging for investment advisory services, the Advisor provides ongoing financial planning and related services regarding the Client's overall financial situation.

E. Wrap Fee Programs

Procyon does not manage or place Client assets into a wrap fee program. Investment management services are provided directly by Procyon.

Item 5 – Fees and Compensation

Procyon strives to be clear and transparent in explaining our fees so clients completely understand what they are paying us. The following paragraphs detail the fee structure for services provided by the Advisor. Each Client engaging the Advisor for services described herein shall be required to enter into one or more written agreements with the Advisor.

A. Fees for Advisory Services

In summary, a Client may pay fees comprised of three separate components: Procyon's Investment Advisory Fee, a custodial fee to the Client's engaged custodian, and any investment management or investment program fees, if applicable, for the use of ETFs, Mutual Funds and/or Independent Managers.

Investment Management Services

This represents the only compensation Procyon receives from clients. Our fees are collected quarterly, in advance of each calendar quarter and generally charged during the first month, pursuant to the terms of the investment advisory agreement. Investment advisory fees are based on the market value of assets under management at the end of the prior calendar quarter, but may also be offered as a fixed fee. For Clients who are assessed a fixed fee, the Advisor may impose an annual inflation rider on the advisory fees in accordance with the advisory agreement.

Asset-based investment advisory fees are based on the following schedule:

Assets Under Management	Annual Fee (%)
Up to \$1,000,000	1.25%
\$1,000,001 to \$5,000,000	1.00%
\$5,000,001 to \$10,000,000	0.75%
\$10,000,001 to \$20,000,000	0.65%
\$20,000,001 to \$50,000,000	0.55%
\$50,000,001 to \$100,000,000	0.45%
Over \$100,000,000	Negotiable

The investment advisory fee in the first quarter of service is prorated from the inception date of the account[s] to the end of the first quarter. Fees may be negotiable at the sole discretion of the Advisor. Certain Clients may have a fixed annual fee or fixed rate fee or a fee schedule that differs from the above and accounts from related clients are typically grouped together to achieve the highest asset value possible to result in the lowest fee possible. The Client's fees will take into consideration the aggregate assets under management with Advisor. Investment advisory fees include financial planning and consulting services, unless separately engaged for those services. All securities held in accounts managed by Procyon will be independently valued by the Custodian. The Advisor will conduct periodic reviews of the Custodian's valuation to ensure accurate billing.

The Advisor's fee is exclusive of, and in addition to, any applicable securities transaction and custody fees, and other related costs and expenses described in Item 5.C. below, which may be incurred by the Client. However, the Advisor shall not receive any portion of commissions, fees, and costs.

Use of Independent Managers – For Client account[s] implemented through an Independent Manager or Turnkey Asset Management Program or ("TAMP"), the Client's overall fees will oftentimes include Procyon's investment advisory fee (as noted above) plus investment fees and/or platform fees charged by the Independent Manager[s], as applicable. The Independent Manager may assume responsibility for calculating the Client's fees and deduct all fees from the Client's account[s].

As discussed in Item 10 below, Procyon uses Dynasty Financial Partners, LLC ("Dynasty") TAMP services. TAMP related charges are not included in the investment management fee you pay to Procyon. You will be charged, separate from and in addition to your investment management fee, any applicable program fees as well as applicable independent manager fees.

Each of the program and independent manager fees are determined by the program(s) and manager(s) with which your assets are invested and are calculated based upon a percentage of your assets under management, as applicable.

For ease of administration, Clients will note the total fee reflected on the custodial statement will represent the sum of Procyon's investment management fee, program fee(s) and independent manager fee(s), accordingly. You should review such statements to determine the total amount of fees associated with your requisite investments, and you should review your investment management agreement with Procyon to determine the investment management fee you pay to us.

Trust Fiduciary Services

When providing trust fiduciary services as described in Item 4 above, the Advisor will add an additional 0.25% to the annual fee schedule for investment management services as described above. Fees are paid quarterly, in advance of each calendar quarter, pursuant to the terms of the investment advisory agreement and based on the market value of assets under management at the end of the prior calendar quarter.

Financial Planning and Consulting Services

Financial planning and consulting services may be included as part of an overall wealth management engagement or provided as a stand-alone engagement. For separate engagements, financial planning and consulting services are offered on an hourly basis or for a fixed engagement fee. Fixed fee engagements generally range between \$2,500 and \$25,000. An estimate for total hours and/or costs will be provided prior to engaging for these services. Procyon typically collects 50% of the fee upon engagement and 50% at delivery of the plan.

Fees are based on the experience of the person performing the services, the complexity and duration the services to be provided. The hourly rates are as follows.

Managing Director	\$450 / hr
Certified Financial Planners	\$350 / hr
Non-CFP Analysts	\$250 / hr

Retirement Plan Advisory Services

Retirement plan advisory fees are paid quarterly, at the end of each calendar quarter, pursuant to the terms of the Investment Fiduciary & Retirement Plan Consulting Agreement. Fees may be charged as a percentage of the market value of assets in the Plan or as a negotiated flat fee.

Asset-based fees are based on the following schedule:

Assets Under Management	Annual Rate
Up to \$3,500,000	0.500%
\$3,500,001 to \$5,000,000	0.400%
\$5,000,001 to \$7,500,000	0.300%
\$7,500,001 to \$10,000,000	0.250%
\$10,000,001 to \$15,000,000	0.225%
\$15,000,001 to \$20,000,000	0.200%
\$20,000,001 to \$35,000,000	0.175%
\$35,000,001 to \$50,000,000	0.150%
\$50,000,001 to \$75,000,000	0.125%

Investment management fees are payable quarterly in advance, in an amount ranging up to 0.35% annually. ***For more detailed information on the fees and compensation, please refer to the respective Private Fund's Offering Documents.***

B. Fee Billing

Investment Management Services

Investment advisory fees will be calculated by the Advisor or its delegate and deducted from the Client's account[s] at the Custodian. The Advisor shall send an invoice to the Custodian indicating the amount of the fees to be deducted from the Client's account[s] at the beginning of the respective quarter. The amount due is calculated by applying the quarterly rate (annual rate divided by 4) to the total assets under management with Procyon at the end of the prior quarter. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the investment advisory fee. It is the responsibility of the Client to verify the accuracy of these fees as listed on the Custodian's brokerage statement as the Custodian does not assume this responsibility. Clients provide written authorization permitting advisory fees to be deducted by Procyon directly from their accounts held by the Custodian as part of the investment advisory agreement and separate account forms provided by the Custodian.

The Client may make additions or withdrawals from the account[s] at any time, subject to the Advisor's right to terminate an account or the overall relationship. If assets in excess of \$10,000 are deposited into or withdrawn from the Client's account[s], an adjustment will be made in the next billing period to reflect the fee difference. Additions may be in cash or securities provided that the Advisor reserves the right to liquidate any transferred securities or decline to accept particular securities into a Client's account[s]. Clients may withdraw account assets on notice to Procyon, subject to the usual and customary securities settlement procedures. However, the Advisor typically designs its investment portfolios as long-term investments and the withdrawal of assets may impair the achievement of a Client's investment objectives. Procyon may consult the Client about the implications of such transactions. Clients are advised that when such securities are liquidated, they may be subject to securities transaction fees, short-term redemption fees, and/or tax ramifications.

Held-Away Accounts – In addition, where appropriate, the Adviser may deduct advisory fees from other accounts managed by the Adviser. If the Advisor deducts advisory fees from a different account, these advisory fees will be deducted from taxable accounts only.

Use of Independent Managers – Client account[s] implemented through Independent Manager[s] will be billed in accordance to the separate agreement[s] with the respective parties. These parties will typically add Procyon's investment advisory fee and deduct the overall fee from the Client's account[s].

Trust Fiduciary Services

Trust fiduciary fees will be calculated by the Advisor or its delegate and deducted from the Client's account[s] at the

Custodian as described above for investment management services.

Financial Planning and Consulting Services

Financial planning and consulting fees may be invoiced up to 50% of the expected total fee upon the execution of the financial planning or consulting agreement with the balance due upon completion of the engagement deliverable[s].

Retirement Plan Advisory Services

Retirement plan advisory fees may be directly invoiced to the Plan Sponsor, deducted from the assets of the Plan, or paid from a revenue savings account established on behalf of the Plan, depending on the terms of the Investment Fiduciary & Retirement Plan Consulting Agreement.

Educational Seminar and Workshops

Educational seminar and workshop fees are due upon completion of the engagement.

Institutional Consulting Services

Institutional consulting fees are generally invoiced upon receipt of the agreed upon deliverable[s]. However, the Advisor may require an advance payment that represents no more than 50% of the expected fee.

Private Fund Advisor

The investment management fee shall be payable at the end of each fiscal quarter in arrears and upon any Investors' complete withdrawal from the Private Fund and will be appropriately prorated for partial periods. ***For more detailed information on the fees and compensation, please refer to the respective Private Fund's Offering Documents.***

C. Other Fees and Expenses

Clients may incur certain fees or charges imposed by third parties, other than Procyon, in connection with investments made on behalf of the Client's account[s]. The Client is responsible for all securities execution and custody fees charged by the Custodian, if applicable. The Advisor's recommended Custodian does not charge securities transaction fees for ETF and equity trades in a Client's account, provided that the account meets the terms and conditions of the Custodian's brokerage requirements. However, the Custodian typically charges for mutual funds and other types of investments. The fees charged by Procyon are separate and distinct from these custody and execution fees.

In addition, all fees paid to Procyon for investment advisory services are separate and distinct from the internal management expenses charged by mutual funds and ETFs to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. The Client should review both the fees charged by the fund[s] and the fees charged by Procyon to fully understand the total fees to be paid. Additionally, as noted above, if warranted Procyon will select share classes which have higher internal expense ratios than institutional share classes. Please refer to Item 12 – Brokerage Practices for additional information.

Private Fund Advisor

Investors may incur certain fees or charges imposed by third parties, other than Procyon, in connection with investments made in the Private Funds. The Private Funds are responsible for paying its own expenses, which include but are not limited to legal, accounting, regulatory, and other expenses relating to the formation and/or organization of the Private Funds. These expenses are borne by investors. Each investor is responsible for their own expenses and out-of-pocket costs incurred in connection with the organization of, their admission to, and the maintenance of their interest in the Private Fund. ***For more detailed information on the fees and compensation, please refer to the respective Private Fund's Offering Documents.***

The terms for termination of the advisory agreement are outlined in the respective Private Fund's Offering Documents.

E. Compensation for Sales of Securities

Procyon does not receive any compensation for securities transactions in any Client account, other than the investment advisory fees noted above.

Certain Advisory Persons may also be registered representatives of Purshe Kaplan Sterling Investments ("PKS"). In one's separate capacity as registered representative of PKS, an Advisory Person will implement securities transactions under PKS and not through Procyon. In such instances, an Advisory Person will receive commission-based compensation in connection with the purchase and sale of securities, including 12b-1 fees for the sale of investment company products. Compensation earned by an Advisory Person in one's capacity as a registered representative is separate and in addition to Procyon's advisory fees. This practice presents a conflict of interest because Advisory Persons may have an incentive to effect securities transactions for the purpose of generating commissions rather than solely based on Client needs. Clients are not obligated to implement any recommendation provided by Advisory Persons. Neither the Advisor nor Advisory Persons will earn ongoing investment advisory fees in connection with any products or services implemented in the Advisory Person's separate capacity as a registered representative. Please see Item 10 – Other Financial Industry Activities and Affiliations.

Certain Advisory Persons are licensed insurance professionals of Procyon Risk, LLC ("Procyon Risk"), an insurance agency under common control with the Advisor. As an insurance professional, Advisory Persons and Procyon Risk earn commission-based compensation for selling insurance products, including insurance products sold to Clients. Insurance commissions earned by Advisory Persons are separate and in addition to Procyon's advisory fees. This practice presents a conflict of interest because the person providing investment advice on behalf of the Advisor who is also an insurance agent has an incentive to recommend insurance products to Clients for the purpose of generating commissions rather than solely based on Client needs. However, Clients are under no obligation to purchase insurance products through Procyon Risk or any Advisory Person affiliated with the Advisor. Please see Item 10 – Other Financial Industry Activities and Affiliations.

Item 6 – Performance-Based Fees and Side-By-Side Management

Procyon does not charge performance-based fees for its investment advisory services. The fees charged by Procyon are as described in Item 5 above are not based upon the capital appreciation of the funds or securities held by any Client.

Item 7 – Types of Clients

Procyon offers investment advisory services to individuals, high net worth individuals, families, trusts, estates, businesses, institutional investors, retirement plans, and pooled investment vehicles. Procyon does not explicitly impose a minimum size for establishing a client relationship but does tailor its services to meet the needs of high-net-worth Clients.

Private Fund Advisor

Unless otherwise permitted by the general partner of the Private Funds, each Limited Partner must be either: (A) both an "accredited investor" as defined in Regulation D promulgated under the Securities Act and a "qualified purchaser," as defined in Section 2(a)(51) of the Investment Company Act of 1940 (the "Investment Company Act"); or (B) a "knowledgeable employee" as defined in Rule 3c-5(a)(4) of the Investment Company Act, in respect of the Private Funds.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

Procyon primarily employs a fundamental analysis method in developing investment strategies for its Clients. Research and analysis from Procyon are derived from numerous sources, including financial media companies,

Procyon Advisors, LLC dba Procyon Partners
1 Corporate Drive, Suite 225, Shelton, CT 06484
Phone: (475) 232-2704 | Fax: (475) 232-2747
<http://procyonpartners.net>

third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

Fundamental analysis utilizes economic and business indicators as investment selection criteria. This criteria consists generally of ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

As noted above, Procyon generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. Procyon will typically hold all or a portion of a security for more than a year but may hold for shorter periods for the purpose of rebalancing a portfolio or meeting the cash needs of Clients. At times, Procyon may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

The Private Fund invests in alternative investment funds, with a focus on private equity and venture capital, and potentially growth equity opportunities ("Portfolio Funds"). The Private Fund is unlikely to have a significant exposure to private credit, real estate, and hedge funds. The Private Fund may hold between 3 – 9 interests in individual Portfolio Funds. The Advisor expects that the Private Fund will invest in Portfolio Funds managed by underlying managers that focus on investments primarily in the U.S. and other developed markets.

The Private Fund has certain investment limitations in order to limit the Private Fund's concentration of investments. The Private Fund will not invest more than fifty percent of its assets in Portfolio Funds managed by the same Underlying Manager, more than forty percent of its assets in a single Portfolio Fund, or more than forty percent of its assets in a single investment strategy.

B. Risk of Loss

Investing in securities involves certain investment risks. Securities will fluctuate in value or may lose value. Clients should be prepared to bear the potential risk of loss. Procyon will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account[s]. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process. The Advisor shall also rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis. Following are some of the risks associated with the Advisor's investment approach:

Market Risks

The value of a Client's holdings may fluctuate in response to events specific to companies or markets, as well as economic, political, or social events in the U.S. and abroad. This risk is linked to the performance of the overall financial markets.

ETF Risks

The performance of ETFs is subject to market risk, including the possible loss of principal. The price of the ETFs will fluctuate with the price of the underlying securities that make up the funds. In addition, ETFs have a trading

risk based on the loss of cost efficiency if the ETFs are traded actively and a liquidity risk if the ETFs have a large bid-ask spread and low trading volume. The price of an ETF fluctuates based upon the market movements and may dissociate from the index being tracked by the ETF or the price of the underlying investments. An ETF purchased or sold at one point in the day may have a different price than the same ETF purchased or sold a short time later.

Mutual Fund Risks

The performance of mutual funds is subject to market risk, including the possible loss of principal. The price of the mutual funds will fluctuate with the value of the underlying securities that make up the funds. The price of a mutual fund is typically set daily therefore a mutual fund purchased at one point in the day will typically have the same price as a mutual fund purchased later that same day.

Bond Risks

Bonds are subject to specific risks, including the following: (1) interest rate risks, i.e. the risk that bond prices will fall if interest rates rise, and vice versa, the risk depends on two things, the bond's time to maturity, and the coupon rate of the bond. (2) reinvestment risk, i.e. the risk that any profit gained must be reinvested at a lower rate than was previously being earned, (3) inflation risk, i.e. the risk that the cost of living and inflation increase at a rate that exceeds the income investment thereby decreasing the investor's rate of return, (4) credit default risk, i.e. the risk associated with purchasing a debt instrument which includes the possibility of the company defaulting on its repayment obligation, (5) rating downgrades, i.e. the risk associated with a rating agency's downgrade of the company's rating which impacts the investor's confidence in the company's ability to repay its debt and (6) Liquidity Risks, i.e. the risk that a bond may not be sold as quickly as there is no readily available market for the bond.

Non-Purpose Loans and Lines of Credit

Non-purpose loans and lines of credit carry a number of risks, including but not limited to the risk of a market downturn, tax implications if collateralized securities are liquidated, and an increase in interest rates. A decline in the market value of collateralized securities held in the account[s] at the Custodian, may result in a reduction in the draw amount of the Client's line of credit, a demand from the Lending Program that the Client deposit additional funds or securities in the Client's collateral account[s], or a forced sale of securities in the Client's collateral account[s].

Alternative Investment Risks

Investments in alternative assets, such as hedge funds, private equity funds or credit funds, will involve significant risks and other considerations and, therefore, may be undertaken by prospective investors capable of evaluating and bearing such risks. Prospective investors should carefully consider, among other factors, the risk factors set forth in the offering documents for the alternative investment vehicle. As a result of these factors, as well as other risks inherent in any investment, there can be no assurance that the alternative investment will meet their investment objectives or otherwise be able to successfully carry out their investment programs.

Portfolio Fund Risks

Investment in Portfolio Funds involves a number of risks, including structural, regulatory, market and strategy-related risks. In particular, Portfolio Funds may purchase certain instruments or utilize certain investment techniques that carry specific risks. As Underlying Managers may pursue investment strategies or techniques not described herein, and the Sponsor and General Partner may not have knowledge of, and has no ability to control, the underlying managers' pursuit of such investment strategies, additional risks may apply to any investment in the interests.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.

Item 9 – Disciplinary Information

Procyon Advisors, LLC dba Procyon Partners

There are no legal, regulatory or disciplinary events involving Procyon. The backgrounds of the Advisor and its Advisory Persons are available on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching with the Advisor's firm name or CRD# 288239.

On or about May 11, 2015, Phil J. Fiore, Jr. was subject to a regulatory action by the Financial Industry Regulatory Authority ("FINRA") for engaging in an outside business activity without notifying his then current employer. Without admitting nor denying the allegations against him, Mr. Fiore consented to entry of the finding of facts against him, was fined \$5,000 and suspending from associating with any FINRA member for a period of 30 days. Mr. Fiore has since satisfied the terms of this Order.

Item 10 – Other Financial Industry Activities and Affiliations

Broker-Dealer Affiliation

As noted in Item 5, certain Advisory Persons of Procyon are also registered representatives of PKS. In one's separate capacity as a registered representative, an Advisory Person will receive commissions for the implementation of recommendations for commissionable transactions. Clients are not obligated to implement any recommendation provided by an Advisory Person. Neither the Advisor nor its Advisory Person will earn ongoing investment advisory fees in connection with any products or services implemented in one's separate capacity as a registered representative.

Procyon Benefits, LLC

The Advisor is also under common control with Procyon Benefits, LLC ("PB") an employee benefits brokerage firm. For employee benefits consulting services, Advisory Persons may refer Clients to Procyon Benefits which offers employee benefits consulting and brokerage services. A referral fee may be paid from PB to the referring Advisory Person. This practice presents a conflict of interest as Advisory Persons are incentivized to recommend clients engage PB for their employee benefits needs. Fees collected from any product implementation referral do not offset regular advisory fees. Clients are under no obligation to implement or purchase any insurance products through a recommended insurance/benefits broker. Please see additional disclosure regarding insurance agency affiliations below.

Procyon Risk, LLC

As noted in Item 5, certain Advisory Persons are licensed insurance professionals through Procyon Risk, an insurance agency under common control with the Advisor. Implementations of insurance recommendations are separate and apart from one's role with Procyon. As an insurance professional, Advisory Persons receive customary commissions and other related revenues from the various insurance companies whose products are sold. Commissions generated by insurance sales do not offset regular advisory fees. This creates a conflict of interest in recommending certain products of the insurance companies. Clients are under no obligation to implement any recommendations made by an Advisory Person or the Advisor.

In certain situations, Advisory Persons may recommend Clients engage a third-party insurance company to implement insurance products. In such instances, the third-party insurance company will share in its revenue with Procyon Risk which creates a conflict of interest in recommending certain third-party insurance companies. Clients are under no obligation to implement any recommendations made by an Advisory Person or the Advisor.

Affiliation with Dynasty Financial Partners

The Advisor maintains a business relationship with Dynasty Financial Partners, LLC ("Dynasty"). Dynasty offers operational and back office core service support including access to a network of service providers. Through the Dynasty network of service providers, Advisor has access to discounts on trading technology, transition support, reporting, custody, brokerage, compliance, and other related consulting services.

While the Advisor believes this open architecture structure for operational services best serves the interests of its advisory Clients, this relationship may potentially present certain conflicts of interest due to the fact that Dynasty retains a portion of the platform or other third-party fees paid by the Advisor or Clients for the services referenced herein.

Procyon Advisors, LLC dba Procyon Partners

Dynasty's subsidiary, Dynasty Wealth Management, LLC ("DWM"), a registered investment advisor, also provides access to a range of investment services, including separately managed accounts ("SMAs"), mutual fund and ETF asset allocation strategies and unified managed accounts ("UMAs") managed by external third-party managers (collectively the "Investment Programs"). The Advisor may receive more advantageous pricing as assets increase, which poses a conflict of interest with the Client.

The Advisor seeks, at all times, to ensure that any such conflicts are addressed on a fully disclosed basis and investment decisions are handled in a manner that is aligned with its Clients' best interests. The Advisor does not receive any portion of the fees paid directly to Dynasty or the service providers made available through its platform, and the Advisor reviews all such relationships on an ongoing basis in an effort to ensure Clients are receiving competitive rates in relation to the quality and scope of the services provided.

Procyon Navigator via the Schwab Institutional Intelligent Portfolio Service

Procyon may recommend that a Client's investment portfolio be implemented through Procyon Navigator, via the Schwab Institutional Intelligent Portfolio Service. This service is provided in connection with SWII, an affiliate of Charles Schwab, Inc., one of the Advisor's recommended Custodians. The Advisor does not receive compensation from SWII, Schwab or any other affiliate for these services. Clients will not be additionally charged for this service, please see Item 5 – Fees and Compensation for additional details.

Procyon Tax, LLC

Procyon offers access to a tax solution provided by third-party accounting firms ("TPAF"), under the business name "Procyon Tax". In such instances, the TPAF pay a portion of their revenue to Procyon for any Clients referred. This practice presents a conflict of interest as management persons are incentivized to recommend that Clients engage with these third-TPAFs for their tax needs. Clients are under no obligation to utilize the TPAFs in order to maintain a relationship with the Advisor.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. Code of Ethics

Procyon has implemented a Code of Ethics that defines the Advisor's fiduciary commitment to each Client. This Code of Ethics applies to all persons associated with Procyon ("Supervised Persons"). The Code of Ethics was developed to provide general ethical guidelines and specific instructions regarding the Advisor's duties to Clients. Procyon and its personnel owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of Procyon Supervised Persons to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code of Ethics covers a range of topics that address employee ethics and conflicts of interest. To request a copy of our Code of Ethics, please contact the Advisor at (475) 232-2704.

B. Personal Trading with Material Interest

Procyon allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Procyon does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund, or advise an investment company. Procyon does not have a material interest in any securities traded in Client accounts.

C. Personal Trading in Same Securities as Clients

Procyon allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities that are recommended (purchase or sell) to Clients presents a conflict of interest that, as fiduciaries, must be disclosed to Clients and mitigated through internal policies and procedures. As noted above, the Advisor has adopted a Code of Ethics, which addresses insider trading (material non-public information controls) and personal securities reporting procedures. When trading for personal accounts, Supervised Persons of Procyon have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by Procyon's

required reporting of personal securities trades by its employees for review by the Chief Compliance Officer (“CCO”). The Advisor has also adopted written policies and procedures to detect the misuse of material, non-public information.

D. Personal Trading at Same Time as Client

While Procyon allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients, such trades are typically aggregated with Client orders or traded afterward. **At no time will Procyon transact in any security to the detriment of any Client.**

Item 12 – Brokerage Practices

A. Recommendation of Custodian[s]

Investment Advisory Services

Procyon does not have discretionary authority to select the broker-dealer/custodian for custody and execution services. The Client will engage the broker-dealer/custodian (herein the “Custodian”) to safeguard Client assets and authorize Procyon to direct trades to the Custodian as agreed upon in the investment advisory agreement. Further, Procyon does not have the discretionary authority to negotiate commissions on behalf of Clients on a trade-by-trade basis.

While Procyon does not exercise discretion over the selection of the Custodian, it may recommend the Custodian[s] to Clients for custody and execution services. Clients are not obligated to use the recommended Custodian and will not incur any extra fee or cost from the Advisor associated with using a custodian not recommended by Procyon. However, Procyon may be limited in the services it can provide if a recommended Custodian is not engaged. Procyon may recommend the Custodian based on criteria such as, but not limited to, reasonableness of commissions charged to the Client, services made available to the Client, its reputation, and/or the location of the Custodian’s offices.

After a careful evaluation of the major custodians available, Procyon will generally recommend that Clients establish their account[s] at either:

- Charles Schwab & Co., Inc. (“Schwab”), a FINRA-registered broker-dealer and member SIPC. Schwab will serve as the Client’s “qualified custodian.” Procyon maintains an institutional relationship with Schwab, whereby the Advisor receives economic benefits from Schwab.
- Fidelity Clearing and Custody Solutions, a division of Fidelity Brokerage Services LLC and related entities and related entities of Fidelity Investments, Inc. (collectively “Fidelity”). Fidelity is an unaffiliated SEC-registered broker-dealer and FINRA member. Fidelity will serve as the Client’s “qualified custodian.” The Advisor maintains an institutional relationship with Fidelity, whereby the Advisor may receive economic benefits from Fidelity.

The Advisor has established an institutional relationship with Schwab and Fidelity to assist the Advisor in managing Client account[s]. Access to the Schwab and Fidelity platform is provided at no charge to the Advisor. The platforms includes brokerage, custody, administrative support, record keeping, technology, and related services designed to support registered investment advisors like Procyon in serving Clients. These services are intended to serve the best interests of the Advisor’s Clients.

Schwab and Fidelity may charge brokerage commissions (securities transaction fees) for effecting certain securities transactions. Schwab and Fidelity enable the Advisor to obtain certain no-load mutual funds without securities transaction fees and other no-load funds at nominal transaction charges. Schwab and Fidelity’s commission rates are generally considered discounted from customary retail commission rates. However, the commissions and transaction fees charged by Schwab and Fidelity may be higher or lower than those charged by other custodians and broker-dealers. Please see Item 14 below for additional information.

Following are additional details regarding the brokerage practices of the Advisor:

Soft Dollars

Soft dollars are revenue programs offered by broker-dealers/custodians whereby an advisor enters into an agreement to place security trades with a broker-dealer/custodian in exchange for research and other services. **Procyon does not participate in soft dollar programs sponsored or offered by any broker-dealer-custodian. However, the Advisor does receive certain economic benefits from the Custodian. Please see Item 14 below.**

Brokerage Referrals

Procyon does not receive any compensation from any third party in connection with the recommendation for establishing an account.

Directed Brokerage

All Clients are serviced on a “directed brokerage basis”, where Procyon will place trades within the established account[s] at the Custodian designated by the Client. Further, all Client accounts are traded within their respective account[s], unless instructed otherwise by the Client. The Advisor will not engage in any principal transactions (i.e., trade of any security from or to the Advisor’s own account) or cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client’s account[s]). Procyon will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the Custodian.

A Client may pay a commission that is higher than another qualified custodian might charge to effect the same transaction. The Advisor has determined in good faith that the commissions charged by Schwab and Fidelity are reasonable in relation to the value of the brokerage and research services received. In seeking best execution, the determinative factor is not necessarily the lowest possible cost, but whether the transaction represents the best qualitative execution, taking into consideration the full range of the Custodian’s services, including the value of research provided, execution capability, commission rates, and responsiveness. Accordingly, although the Advisor will seek competitive rates to the benefit of all Clients, it may not necessarily obtain the lowest possible commission rates for specific Client account transactions. Although the investment research products and services that may be obtained by the Advisor will generally be used to service all of the Advisor’s Clients, they may not equally benefit all Clients. Please also see Item 14.

Private Fund Advisor

As an investment advisor to Private Funds, the Advisor does not typically engage in active trading of publicly traded securities. When, on occasion, the Advisor or the Private Funds transact in publicly traded securities, the Advisor will seek to facilitate such transactions through the retention of broker-dealer/custodian for custody and execution services.

B. Aggregating and Allocating Trades

Investment Advisory Services

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of the order, 3) difficulty of execution, 4) confidentiality and 5) skill required of the Custodian. Procyon will execute its transactions through the Custodian as designated by the Client, unless otherwise instructed by the Client.

Procyon may aggregate orders in a block trade or trades when securities are purchased or sold through the Custodian for multiple (discretionary) accounts. If a block trade cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This is done in a way that does not consistently advantage or disadvantage any particular Clients’ accounts.

Procyon provides Alpha Quant Investment Strategies to other investment advisors that conduct their own trades. Procyon shall rotate its purchase and sale of securities on behalf of client accounts participating in the Alpha Quant

Strategies with the delivery of model portfolios to provide for fair and equitable treatment. All clients are in a single trade rotation.

Clients that execute through other broker-dealers, such as for model delivery, directed brokerage and broker-dealer platforms, are in a single trade rotation with direct clients of Procyon. Each broker-dealer and model portfolio recipient are sequentially rotated with direct clients of Procyon, such that the relationship trading first one period is moved to the last place for the next set of strategy recommendations, and each client following is moved up a place in the rotation. New clients will be added to the end of the rotation list and move up a place each strategy recommendation period. Procyon will not wait for the broker-dealer or model portfolio recipient to complete their trading before moving on in the rotation.

Private Fund Advisor

To the extent that more than one investment opportunity is suitable for multiple Private Funds, the Advisor will seek to allocate the opportunity in a manner that is fair and equitable to each Private Fund in accordance with the Offering Documents.

Item 13 – Review of Accounts

A. Frequency of Reviews

Investment Advisory Services

Securities in Client accounts are monitored on a regular and continuous basis by Principals of Procyon and periodically by the CCO. Formal reviews are generally conducted at least annually or more frequently depending on the needs of the Client.

Private Fund Advisor

The investments made by the Private Funds are generally private, illiquid and long-term in nature. Accordingly, the review process is not directed toward a short-term decision to dispose of securities. However, the Advisor closely monitors companies in which the Private Funds invest, and periodically checks to confirm that the Private Funds are maintained in accordance with its stated objectives as outlined in the Offering Documents.

B. Causes for Reviews

Investment Advisory Services

In addition to the investment monitoring noted in Item 13.A. above, each Client account shall be reviewed at least annually. Reviews may be conducted more frequently at the Client's request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client's financial situation, and/or large deposits or withdrawals in the Client's account[s]. The Client is encouraged to notify Procyon if changes occur in the Client's personal financial situation that might adversely affect the Client's investment plan. Additional reviews may be triggered by material market, economic or political events.

C. Review Reports

Investment Advisory Services

The Client will receive brokerage statements no less than quarterly from the Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian's website so that the Client may view these reports and their account activity. Client brokerage statements will include all positions, transactions and fees relating to the Client's account[s]. The Advisor may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

Private Fund Advisor

Investors in the Private Funds will receive audited financial statements no less than annually. The Advisor may also provide Investors with periodic reports regarding the respective Private Fund's holdings, allocations, and performance.

Item 14 – Client Referrals and Other Compensation

A. Compensation Received by Procyon

Procyon is a fee-based advisory firm that is compensated solely by its Clients and not from any investment product. Procyon does not receive commissions or other compensation from product sponsors, broker-dealers, or any unrelated third party. Procyon may refer Clients to various unaffiliated, non-advisory professionals (e.g., attorneys, accountants, estate planners) to provide certain financial services necessary to meet the goals of its Clients. Likewise, Procyon may receive non-compensated referrals of new Clients from various third-parties.

As noted in item 12, Procyon has established an institutional relationship with Fidelity and Schwab to assist the Advisor in managing Client account[s].

Participation in Institutional Advisor Platform (Schwab)

Procyon has established an institutional relationship with Schwab through its “Schwab Advisor Services” unit, a division of Schwab dedicated to serving independent advisory firms like Procyon. As a registered investment advisor participating on the Schwab Advisor Services platform, Procyon receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at Schwab. Services provided by Schwab Advisor Services benefit the Advisor and many, but not all services provided by Schwab will benefit Clients. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a custodian creates a conflict of interest since these benefits may influence the Advisor’s recommendation of this custodian over one that does not furnish similar software, systems support, or services.

Services that Benefit the Client – Schwab’s institutional brokerage services include access to a broad range of investment products, execution of securities transactions, and custody of Client’s funds and securities. Through Schwab, the Advisor may be able to access certain investments and asset classes that the Client would not be able to obtain directly or through other sources. Further, the Advisor may be able to invest in certain mutual funds and other investments without having to adhere to investment minimums that might be required if the Client were to directly access the investments.

Services that May Indirectly Benefit the Client – Schwab provides participating advisors with access to technology, research, discounts and other services. In addition, the Advisor receives duplicate statements for Client accounts, the ability to deduct advisory fees, trading tools, and back office support services as part of its relationship with Schwab. These services are intended to assist the Advisor in effectively managing accounts for its Clients, but may not directly benefit all Clients.

Services that May Only Benefit the Advisor – Schwab also offers other services and financial support to Procyon that may not benefit the Client, including: educational conferences and events, financial start-up support, consulting services and discounts for various service providers. Access to these services creates a financial incentive for the Advisor to recommend Schwab, which results in a conflict of interest. Procyon believes, however, that the selection of Schwab as Custodian is in the best interests of its Clients.

Participation in Institutional Advisor Platform (Fidelity)

The Advisor has established an institutional relationship with Fidelity to assist the Advisor in managing Client account[s]. As part of the arrangement, Fidelity also makes available to the Advisor, at no additional charge to the Advisor, certain research and brokerage services, including research services obtained by Fidelity directly from independent research companies. The Advisor may also receive additional services and support from Fidelity. As a result of receiving such services for no additional cost, the Advisor may have an incentive to continue to use or expand the use of Fidelity’s services. The Advisor examined this potential conflict of interest when it chose to enter into the relationship with Fidelity and has determined that the relationship is in the best interests of the Advisor’s Clients and satisfies its Client obligations, including its duty to seek best execution. Please see Item 12 above.

The Advisor receives access to software and related support without cost because the Advisor renders investment

management services to Clients that maintain assets at Fidelity. The software and related systems support may benefit the Advisor, but not its Clients directly. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits and financial support from a custodian creates a conflict of interest since these benefits may influence the Advisor's recommendation of this custodian over one that does not furnish similar software, systems support, or services.

Additionally, the Advisor receives financial support from Fidelity for the transition of Client account[s] to Fidelity ("Transition Assistance") by reimbursing Clients for transfer costs. Additional financial support is dependent upon the total assets under management that are transitioned to Fidelity. The following benefits are also received from Fidelity: receipt of duplicate Client confirmations and bundled duplicate statements; access to a trading desk that exclusively services its institutional participants; access to block trading which provides the ability to aggregate securities transactions and then allocate the appropriate shares to Client accounts; and access to an electronic communication network for Client order entry and account information.

Marketing Support

Procyon may receive marketing support from various partners, vendors and/or product providers. Investment decisions are not influenced by this support.

CironeFriedberg

As noted above, Procyon has entered into a referral arrangement with CironeFriedberg, a tax advisory firm. CironeFriedberg provides tax advice services to Clients of Procyon and in return, shares in the revenue with Procyon Tax. A conflict of interest exists in that Procyon has a financial incentive to recommend the tax services of CironeFriedberg to Clients as Procyon receives referral fees from CironeFriedberg.

B. Compensation for Client Referrals

Certain Clients may be referred to the Advisor by either an affiliated or unaffiliated party (herein "Promoter") and receive, directly or indirectly, compensation for the Client referral. In such instances, the Advisor will compensate the Promoter a fee in accordance with Rule 206(4)-1 of the Advisers Act and any corresponding state securities requirements. Any such compensation shall be paid solely from the investment advisory fees earned by the Advisor, and shall not result in any additional charge to the Client.

Procyon also engages appointment setting and marketing firms to generate investor leads. Procyon pays a monthly or per referral fee for these services. Use of these services do not result in any additional charges or higher fees to Clients.

Item 15 – Custody

The Advisor is deemed to have custody in the limited circumstances outlined below:

Private Fund Advisor – As the Advisor serves as the investment manager to the Private Funds, the Advisor is deemed to have custody of certain Client assets. An independent public accountant conducts an annual audit of the pooled investment vehicles that are managed by the related person and the audited financial statements are distributed to the investors in the pools within 180 days of fiscal year end.

Deduction of Advisory Fees – To ensure compliance with regulatory requirements associated with the deduction of advisory fees, all Clients for whom Procyon exercises discretionary authority must hold their assets with a "qualified custodian." Clients are responsible for engaging a "qualified custodian" to safeguard their funds and securities and must instruct Procyon to utilize that Custodian for securities transactions on their behalf. Clients are encouraged to review statements provided by the Custodian and compare to any reports provided by Procyon to ensure accuracy, as the Custodian does not perform this review.

Money Movement Authorization – For instances where Clients authorize Procyon to move funds between their accounts, Procyon and the Custodian have implemented safeguards to ensure that all money movement activities are conducted strictly in accordance with the Client's documented instructions.

Item 16 – Investment Discretion

For its retail investment advisory services, Procyon generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by Procyon. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client's execution of an investment advisory agreement containing all applicable limitations to such authority. All discretionary trades made by Procyon will be in accordance with each Client's investment objectives and goals.

Item 17 – Voting Client Securities

Procyon accepts the authority to vote a Client's securities (i.e., proxies) on their behalf. When the Advisor accepts such responsibility, it will cast proxy votes only in a manner it believes consistent with the best interest of its Clients. At any time Clients may contact the Advisor to request information about how proxies were voted for that Client's securities. A brief summary of the Advisor's proxy voting policies and procedures is as follows:

The Advisor has engaged Broadbridge, a third-party, independent proxy advisory firm, to provide it with ProxyEdge which provides research, analysis, and recommendations on the various proxy proposals for the securities that the Advisor manages with the aim of maximizing shareholder value. In engaging ProxyEdge for that purpose, the Advisor has reviewed ProxyEdge's Proxy Guidelines for the current proxy voting season and has approved the summary of ProxyEdge's positions on the voting positions it recommends for the types of proposals most frequently presented, including: election and composition of directors; financial reporting; compensation of management and directors; corporate governance structure and anti-takeover measures; and environmental and social risks to operations. The Advisor is in agreement with the approach ProxyEdge has set forth in its current ProxyGuidelines for voting proxies. Although the Advisor, based on its approval of the positions in the Proxy Paper Guidelines, expects to vote proxies according to ProxyEdge's recommendations, certain issues may need to be considered on a case-by- case basis due to the diverse and continually evolving nature of corporate governance issues. If such cases should arise, then the Advisor will devote appropriate time and resources to consider those issues. Where Procyon is responsible for voting proxies on behalf of a Client, the Client cannot direct the Advisor's vote on a particular solicitation. The Client, however, can revoke Procyon's authority to vote proxies. In situations where there may be a conflict of interest in the voting of proxies due to business or personal relationships that Procyon maintains with persons having an interest in the outcome of certain votes, the Advisor will take appropriate steps, whether by following ProxyEdge's third-party recommendation or otherwise, to ensure that proxy voting decisions are made in what it believes is the best interest of its Clients and are not the product of any such conflict.

Item 18 – Financial Information

Neither Procyon, nor its management, has any adverse financial situations that would reasonably impair the ability of Procyon to meet all obligations to its Clients. Neither Procyon, nor any of its Advisory Persons, has been subject to a bankruptcy or financial compromise. Procyon is not required to deliver a balance sheet along with this Disclosure Brochure as the Advisor does not collect advance fees of \$1,200 or more for services to be performed six months or more in the future.
